POKER IS SCALABLE

Whether you are seeking an intimate VIP experience, a networking event, or a full-scale team building activity, poker tournaments can be used to accommodate anywhere from 6-200 players.

POKER BUILDS SOFT SKILLS

Making decisions with incomplete information, managing budgets, and maintaining emotional control under pressure are the hallmarks of a good poker player and a successful business professional.

POKER IS STRESS-FREE

Tournaments are a fantastic way to get to know people. Random seating creates friendly competition and the luck of the draw makes it a memorable experience. Ask our staff how to include a charitable component.

Bring home the branding with a custom dealer button, winner's bracelet, or your company logo right on the poker felt itself.

We had an **amazing and seamless experience**. Everything went smooth and communicating with them was easy and fast.
